

OUR PRODUCT LINE

Jan **MARINI**
SKIN RESEARCH®

Jan Marini Skin Research is a recognized leader and innovator in skin care, that is committed to continually expanding and improving the professional skin care market.

The Jan Marini Skin Care Management System, which is the core of our product line, is a highly acclaimed and awarded skin care solution that delivers both excellent results and value in a single box solution. It has been voted the best skin care system for 11 straight years by NewBeauty Magazine.

The outstanding results of the entire product line is accomplished through layered technology. As a result, of this unique layered technology, it addresses all your major skin care concerns.

Our skin care system has been shown to reduce the appearance of:

- PHOTODAMAGE
- FINE LINES AND WRINKLES
- ACNE SCARRING
- HYPERPIGMENTATION
- REDNESS

This is an excellent system when used in combination with in-office procedures to prepare the skin and enhance long term benefits. You will often see visible results within days.

IS PROUD TO INTRODUCE

GLOW 'N GO - \$90.00

For the person on-the-go, this treatment has powerful brightening agents to jumpstart your skin's tone, texture, and luminosity. A sensational fizzy cocktail of vitamins C and B5 prepare and cleanse your skin. This is followed by a powerhouse enzyme mask to digest dead skin cells. A secondary mask is applied to illuminate, hydrate, promote age intervention and a polished feel. You will achieve a radiant glow in half the time as our other facials. Enjoy a hand or foot massage during this 30-minute visit.

SIGNATURE FACIAL - \$85.00

Experience more uniform, smoother looking skin with glowing results. Our signature facial first includes a citrusy vitamin C cleanser to prepare the skin surface. Next, we apply a chroma bright mask and steam therapy formulated with red, white, and green tea extracts for gentle resurfacing. A complete skin evaluation and relaxing massage is included in this 1-hour visit, leaving your skin hydrated and refreshed. You can customize this facial with a choice of additional products.

CLINICAL PEEL - \$185

There are three clinical medical grade peels in the Jan Marini system. These are best delivered in a series of three for optimal results. These peels are designed for those seeking a more serious solution to address specific skin concerns. You will see rapid results from this 1-hour treatment.

This treatment consists of the following:

1. A pre-assessment and home prep kit prior to your first visit. Your skin care specialist will educate you in your home care regimen.
2. At your appointment, your skin will be cleansed and prepared to receive the best advanced peel system suited for your needs.
3. Your treatment products contain high concentrations of acids, retinal, peptides, and antioxidants.

GENTLEMEN'S FACIAL - \$90.00

This facial is custom designed and curated to address the contours of a man's face. Our men's facial begins with a classic cleanser of papaya seed extract. Next, our green tea micro-mask is applied, it is formulated to 'scoop' out dead skin cells through the beard line for a polished and youthful look. Enjoy a relaxing foot massage during this 1-hour visit.
